

BERLIN WILL PAY

GERMANY ADMITS U. S. SHIP NEBRASKA WAS TORPEDOED BY A SUBMARINE.

TO SETTLE FOR ALL DAMAGES

Government at Washington Assured the Attack "Was Not Meant for the U. S. Flag, But Is to Be Considered an Unfortunate Accident."

Washington, July 17.—The state department announced on Thursday that the German government apologized for the attack on the Hawaiian-American steamer Nebraska, torpedoed by a German submarine on the night of May 25 on her way from Delaware Breakwater from Liverpool.

Full compensation will be made for the damage sustained by American citizens in the injury to the vessel.

Ambassador Gerard has telegraphed the department that he has received the following memorandum from the German foreign office admitting responsibility for the mysterious accident to the vessel which has been under investigation for the past seven weeks.

"The German government received from newspaper reports the intelligence that the American vessel Nebraska had been damaged by a mine or torpedo on the southeast coast of Ireland. That, therefore, started a thorough investigation of the case without delay, and from the result of the investigation it has become convinced that the damage to the Nebraska was caused by an attack by a submarine.

"On the evening of May 25 last, the submarine met a steamer bound westward without a flag and with no neutral markings on her freeboard. In the twilight, which had already set in, the name of the steamer was not visible from the submarine.

"Since the commander of the submarine was obliged to assume from his wide experience in the area of maritime war that only English steamers, and no neutral steamers, traversed this area without flag and markings, he attacked the vessel with a torpedo in the conviction that he had an enemy vessel before him. Some time after the shot the commander saw that the vessel had in the meantime hoisted the American flag. As a consequence he, of course, refrained from any further attack.

"It results from this without a doubt that the attack on the steamer Nebraska was not meant for the American flag, nor is it traceable to any fault on the part of the commander of the German submarine, but it is to be considered an unfortunate accident. The German government expresses its regret at the occurrence to the government of the United States of America and declares its readiness to make compensation for the damage thereby sustained by American citizens."

WILSON TO REPLY SOON

PRESIDENT TO CONSULT CABINET ABOUT LAST GERMAN NOTE.

Telegram From Cornish to Secretary Tumulty Indicates Executive Has Arrived at No Decision.

Washington, July 15.—The first official announcement of the immediate plans of President Wilson for dealing with the situation that has arisen between Germany and the United States came on Tuesday in a telegram from Cornish, N. H., to Secretary Tumulty, stating that the president would return to Washington soon to lay the entire subject before his cabinet. It indicated that the president had not yet arrived at a decision as to the policy of the government.

The White House statement was as follows: "Referring to statements appearing in certain morning newspapers with reference to the attitude of the president toward the reply to the German government, Secretary Tumulty this evening gave out the following telegram which he had received from the president:

"Please say that from the moment of the arrival of the official text of the German note I have given the matter the closest attention, keeping constantly in touch with the secretary of state and with every source that would throw light on the situation; that so soon as the secretary of state and I have both maturely considered the situation I shall go to Washington and get into personal conference with him and with the cabinet and that there will be as prompt an announcement as possible of the purposes of the government."

THAW FOUND SANE

JUDGE APPROVES DECISION OF JURY AND SLAYER IS RELEASED ON BAIL.

JURY WAS OUT 48 MINUTES

Crowds Outside Courtroom Cheer Thaw on Way From Building—Wants to Visit Exposition—Appeal Announced by the State.

New York, July 17.—Harry K. Thaw Friday won his nine-year fight for liberty. Justice Hendrick of the supreme court approved the verdict of the jury finding the slayer of Stanford White sane, and released him on \$35,000 bail pending an appeal by the state.

New York, July 16.—Harry Kendall Thaw was declared sane on Wednesday by a jury which for nearly three weeks listened to testimony given in the supreme court here before Justice Peter Hendrick. Forty-eight minutes were consumed and two ballots were taken in reaching a verdict.

Justice Hendrick read the verdict and handed it to the clerk. "Gentlemen of the jury," said the clerk, "the question you have been asked is this: Is Harry K. Thaw sane? Your answer is yes."

Thaw went to where his mother was sitting a few feet away and, throwing his arms about her neck, "kissed her."

The verdict recorded, John B. Stanchfield, chief counsel for Thaw, made a motion that the commitment signed by Justice Dowling following a verdict of not guilty on the ground of insanity, which was returned by the jury at Thaw's second trial for the murder of White, be vacated. Deputy Attorney General Becker in reply requested time in which the state might prepare an appeal.

As soon as the jury was dismissed Thaw crossed to the box and shook hands warmly with each of the men. His mother also shook hands with the jurymen, saying to each: "Thank you so much for all that you have done."

Outside the courthouse a wide flight of steps had been crowded all afternoon. The street and the sidewalks on either side of it also were congested. When Thaw, flanked by deputy sheriffs, appeared the doorway a great cheer went up and those who did not cheer applauded with their hands.

In explaining why two ballots were taken one of the jurors, Paul J. Marks, said that on the first ballot the vote was eleven to one that Thaw was sane. The vote was unanimous on the second ballot.

Mr. Marks also said that he and the other members of the jury believed that Thaw was eccentric and, possibly, mentally weak, but that they did not believe that he would harm anyone.

Thaw has said nothing so far as to what he will do if freed. The only thing he has said was that he was first going to Pittsburgh to visit his mother and then go to California to see the exposition.

GERMANS TAKE PRZASNYSZ

Kaiser's Troops Capture One of Main Defense of Warsaw—Other Gains Are Reported.

Berlin, July 17.—German troops have captured Przasnysz, northern Poland, the war office announced on Thursday. This town has been a bulwark for several months, being situated at the extreme northeast point of an angle on which the Kaiser's troops had been concentrated for the defense of Warsaw from an attack by troops from East Prussia.

In addition to the success of Przasnysz, where the Germans captured 2,400 prisoners and eight machine guns, they have also taken the Olekska heights, northwest of Suwalki, occupied Kanars, south of Kolno and near the Bohr river, and regained positions to the east of Kanars.

CHANCE TO EARN BIG FREE TRIP

RULES FOR CONTESTS ARE ANNOUNCED BY JUNIOR CONTEST BUREAU.

ANOTHER TRIP TO WASHINGTON

Any Farm Girl Not Over 18 Years Old Is Eligible to Enter the Contests.

Western Newspaper Union News Service.

Columbus, O.—Ohio farm girls who can darn stockings, mend garments, make plain aprons, petticoats and house dresses; bake bread, cake, cookies and pies, and can fruit and make jelly, have a chance to get a free trip to Washington aboard the Buckeye Corn Special next fall. Rules for contests in which they may enter have been announced by the Junior Contest Bureau of the State Agricultural Department. Any farm girl not over 18 years old is eligible to enter the township and county contests.

The house dress which each contestant must make is required to be of light colored material—percale, gingham or calico—and must be made in one piece, the material not to cost more than \$2. The loaf of bread she must bake will be judged on its flavor, lightness, grain and texture, crust, shape and size. The shape of the pie is to be made of uncooked apples and with a top crust.

Members of the Soldiers' Memorial Commission will arrange for the erection of a monument or memorial on the battlefield of Lookout Mountain, Tennessee, to commemorate the bravery of Ohio troops who participated in the battle of Lookout Mountain.

They are Samuel H. Bolton, of McComb; Charles W. Wheeler, of Rossburg; Charles H. Grosvenor, of Athens; Alfred E. May, of Oberlin; Moses Hill, of Morrow. All are Civil War veterans. The legislature appropriated \$20,000 for the purchase of a site and the erection of the memorial. Members of the commission will not receive any salary, but their traveling expenses will be paid from the appropriation.

State Road. Tentative plans for holding public meetings in counties through which the special Sandusky-Portsmouth State highway will run were made by the General Committee of the Ohio Federation of Good Roads at its meeting here. Mrs. Edward Orton, Jr., of Columbus, representing the Daughters of the American Revolution, asked that the road be named "Harrison Trail" in memory of William Henry Harrison, early President of the United States. The other name proposed for the road is "Seloto Trail." Action on Mrs. Orton's suggestion was deferred. The meetings will be arranged for the purpose of arousing public interest in the highway.

"Cigars and Punch" Bill Probed. Because they purchased punch and cigars for a banquet, Miami University officials were reported to State Auditor Donahy by a state examiner. It is said the purchase of these items scarcely seems proper, in view of the fact that the board of trustees has stipulated no student who uses tobacco to participate in the income of the fund donated to aid needy students.

Money Not Due. Illegally, the city of Columbus in 1913 took \$2,432.75 which belongs to the county, according to the report of the state accounting bureau by State Examiner A. H. Foster on city departments for that year. The mistake was caused by the city taking police court fines in all liquor cases, though it is entitled only to the fines in local option cases.

Into the State House. State Auditor Donahy discovered one of the officers of his department occupied by Chief Examiner John A. Vilas was entered by burglar who pryed open the window. The prowler mused up the records and reports on county officers made by examiners to Bliss and evidently were searching for some particular document.

Oculists Are Warned. The State Medical Board announced that it will prosecute oculists who diagnose diseases of the eye or who prescribe glasses, if they fail to take out license. This practically will continue the new Plat-Rite law so as to include optometrists. Whether the optometrists will resist has not yet been decided.

Appeal To State Board. The Union Gas & Electric Co., of Cincinnati, represented by lawyers, engineers and real estate experts, began an attempt before the State Utilities Commission to show that the commission's physical valuation of \$8,451,573 on the electric property of the company is nearly \$13,000,000 too small. The appeal was taken to the state board from the ordinance fixing the Cincinnati electric light rate at 8 1/2 cents. The company wants the rate to be raised to 10 cents. City bonds in Cincinnati contend for a 6-cent rate.

Four-Year Term. First steps initiating at the fall election a constitutional amendment which would extend from two to four years the terms of all county officials were taken here at a meeting of county officials from various parts of Ohio. A committee of five was named to report plans for the circulation of petitions to get the proposed amendment on the November ballot. To insure the submission of the proposal, 110,000 signatures, it was pointed out must be obtained before August 1.

Impression He Makes. How true it is that the child is father of the man! Whenever a man comes in here, for instance, and he wants to boast how powerful and important he is in the community, if not the state, the nation and the world at large, our memory goes back to the days of our innocent childhood when we boys used to assure one another that we were the most powerful and important men in the world.

When a Small Boy Washes. A boy was recently asked to give a description of water, and this is what he wrote: "Water is a white liquid which turns completely black the moment you put your hands in it."

Big Question Is Raised.

Do licensed insurance companies in Ohio have the legal right to issue and sell workmen's compensation policies to employers? That big question was raised squarely in the hearing before the State Industrial Commission of a complaint filed by the Aetna Life Insurance Co., of Cleveland, against certain modifications of the rules of the commission. The company claims recent changes amount to a shutout for it in soliciting compensation insurance.

The complaint was accompanied by a request for a cancellation or modification of the rule and was argued before the commission by Charles S. Gungor for himself and the Aetna Company. The complainants claim they are licensed to sell insurance in the state and that under a construction of certain sections of the compensation act they are recognized as competent to handle compensation policies. Under that claim they have been selling that new form of policy and seeking to induce employers to drop the state plan and take their policy. The complainants agreed that an early adjudication of the disputed question would be advisable.

Money Is Available. The state board of control, in special session, gave \$5,000 to the board of administration which will be used in transferring the criminally insane persons from the six different state hospitals for the insane to the new hospital at Lima. The proclamation of Governor Willis, transferring the new \$2,000,000 institution from the building committee to the administration board on October 1, has been completed and will be issued soon. The proclamation is issued the managing officers of the six institutions for the insane will be called to Columbus to confer with the administration board. They will be asked to select 25 of their most dangerous patients to transfer to Lima. These will comprise the first list of patients who will occupy the new hospital. After they have been taken care of, and further cells are finished, additional patients will be from time to time transferred to Lima.

No Right to Pay. State Budget Commissioner Fullington insisted the state board of administration has no right to dip into its fund for "minor offices and employees" to get \$2,000 for the new position of executive officer, which it created and to which it appointed William E. Haswell, of Bucyrus. The place of secretary to the board, which Haswell has filled since the board was created, was abolished by the legislature. Fullington said the fund sought to be used had been appropriated for employees of state institutions which are under the board and not for employees of the board. Haswell's salary may be held up until this question is determined.

Enforcing Old Law. To date upward of \$5,000 has been collected by the State Insurance Department from firms and companies which carried the so-called reciprocal insurance. The collection is under a law enacted in 1910, but allowed to fall into disuse, which provides for a tax of 5 per cent of the amount of the annual premium of fire insurance paid to companies not authorized to do business in Ohio. The regular authorized companies have been back of the department in furnishing information concerning the unauthorized insurance carried in Ohio.

No More Mileage. In an opinion from Attorney General Turner received by County Auditor Staley, clerks of boards of election can not receive compensation and mileage in making their settlements as treasurers of the boards. The school treasurers were abolished and the duty devolved on the clerks, who must make their settlements between September 1 and 10. Heretofore the treasurers have been paid \$1 each and 5 cents per mile for each settlement, but now they can not draw anything.

Ohioans Are Appointed. The tax commission has made the following appointments as members of boards of complaint: Erie county, Bruce M. Winters, of Castalia; succeeded Cyrus B. Winters, resigned, two years. Franklin county, William C. Bale, to succeed Francis M. Rank, one year. Crawford county, G. W. Nickels, of Galion, to succeed D. C. Boyd, resigned, one year. Henry county, A. F. Hayman, of Deshler, to succeed Cyrus O. Freese, resigned, two years.

State Loss at Hospital. Dr. E. A. Baber, superintendent of the Dayton state hospital, has been notified by the state board of administration a report of the damage wrought to crops, stock and property of the state hospital farm by storm. The damage is estimated at several hundred dollars. Besides the damage sustained by crops washed out and broken down by rain, the flood waters were washed out and 20 hogs were drowned.

Secretary On Trip. Arrangements were made for C. W. Shinn, former general secretary of the Ohio Sunday School association, to accompany the second trade extension tour of the Columbus Chamber of Commerce, which visited many towns north and northwest of Columbus. Mr. Shinn's object was to explain to large numbers of Sunday school people in each of the towns visited the object and workings of the present plan of the Sunday school association to raise a sustaining fund of \$100,000 in thirty days.

First Check Received. Chillicothe, and with it Ross county, has the distinction of making the first contribution to the Ohio Sunday school Association's proposed sustaining fund of \$100,000. Rev. Thus Leo man, of First Evangelical Sunday school, June 28, sent a check to E. L. Barrett, state treasurer, in the hope that it would be the first contribution received. In this his anticipation proved correct. The money was promptly placed to the Sunday school's credit and an acknowledgment sent.

Courting With Mind on Court. He—So Judge Blank proposed to Alice last night? She—Yes, and he made an awful break. When she asked him for time to consider his proposal he gave her sixty days.

When a Small Boy Washes. A boy was recently asked to give a description of water, and this is what he wrote: "Water is a white liquid which turns completely black the moment you put your hands in it."

OHIO BANK CLOSES, CASHIER MISSING

Dresden Institution's Affairs Are Now in Hands of National Examiner.

DEPOSITORS WON'T LOSE, SAYS OFFICIAL

Bank Cashier Has Been Careful and Conservative All His Life and Has No Bad Habits, According to His Friends.

Western Newspaper Union News Service.

Zanesville, — The Dresden, Ohio, National bank is closed, and John Horning, its cashier, who left home Monday afternoon, has not been heard from since. Bank officials, his wife and his office, all of whom have been seeking him, have no clue to his whereabouts.

H. C. Blackman, a national bank examiner, whose home is in Michigan, took charge of the bank's affairs and posted a sign on the bank door reading, "The bank is closed until this affair can be fully stated."

Blackman said that it would take three or four days to finish the examination of the bank's accounts. All of the stockholders of the bank are wealthy and could easily stand an assessment of 100 per cent if such a course should be necessary.

President W. C. Collier of the bank stated that the bank's depositors would not lose anything. Horning has been a leader in Dresden's business circle 15 years, has been a churchgoer, and his Dresden associates believe the bank may be short of funds temporarily and that Horning has gone to some friends in another city to see if he can raise the cash to tide over affairs.

Mrs. Horning, wife of the cashier, says she believes her husband must be temporarily demented. He left the house hurriedly Monday afternoon, saying he had to meet a friend at the station, and that is the last she heard of him.

Horning has been careful and conservative all his life and has no bad habits, according to his friends. It was reported he left Zanesville on an interurban car coming here on the Pennsylvania from Dresden. This story was not borne out by the traction conductor, who did not remember a man of his description on the car.

Horning and his wife are on the county tax duplicate for \$40,000 and their property is unencumbered, which adds to the mystery of the disappearance of the cashier.

The First National bank of this city closed its accounts with the Dresden bank a week ago. It is believed that paper Horning had given to cover an account with a Pittsburgh firm was not up to standard.

The American Trust & Savings Co. brought suit against Horning Tuesday asking judgment for \$2,000 alleged to be due on a personal note.

The Dresden bank's statement shows a shrinkage of \$3,000 in deposits from May 1 to June 23, causing it, it is said, by depositors drawing money to buy automobiles. Friends attribute the cashier's disappearance to a nervousness over the fact that he had been unable to build up deposits.

Dairymen Are Found Guilty. Columbus, — Three officials and an agent of the old Capital City Dairy Co. were found guilty of defrauding the federal government out of oleomargarine taxes amounting to \$1,000,000 by a jury in United States district court here. They are liable to fines of \$10,000 and two years' imprisonment.

The defendants, who have been on trial since June 22, were tried jointly on two indictments which contained 10 counts, one charging conspiracy to defraud and nine charging fraud. On the conspiracy charges the jury found the defendants not guilty.

Dennis Kelly, millionaire Columbus capitalist and president of the old dairy company, was one of the defendants. Others were W. H. Eberst, vice president and general manager; M. Leo Corbett, secretary; and W. H. Kelly, the company's Pittsburgh agent.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.

"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I would dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."
